Experienced Faculty & Industry-Relevant Exposure

Our program is led by a team of **highly experienced faculty** members with expertise in cutting-edge domains. To enrich the learning experience, we regularly organize **expert sessions and industry interactions**, enabling students to connect classroom concepts with real-world applications. These initiatives play a vital role in **bridging the gap between academic learning and professional demands, fostering enhanced career readiness and practical understanding.**

About the Program

Since **2013**, our B.Sc. IT program has been dedicated to cultivating skilled, **future-ready computer professionals**. We provide rigorous training in **software development, testing, computer systems, Cloud Computing, Machine Learning, and AI**, fostering **holistic student growth**. Our curriculum blends theory and practice, equipping students with **industry-relevant skills** and adaptability to excel in the evolving IT landscape.

Eligibility Criteria

The eligibility condition for admission to B.Sc IT programme shall be **10+2 (Science/Commerce/Arts)** with **Maths or Statistics compulsory** in 12th.

Course Details

- **NEP**-based system
- **2 semesters** each year
- **Types of Courses:** Major, Minor, OE, VSC, SEC, IKS, VEC, AEC, OJT/FP/RP/CEP/CC.
- **44 Credits** per year, 22 per semester.

Department's Internship & Placement Cell

The department's dedicated **Internship and placement cell** is committed to placing our graduates in organizations that match their caliber. Beyond securing placements for final-year students, the cell proactively facilitates **internship and training opportunities** for first—and second-year students, fostering their development into future IT professionals. The cell conducts **seminars and workshops on essential skills**, including CV writing and verbal communication to further enhance **career readiness**.

Internship and Placement Opportunities

*Our students have gained valuable internship experience in diverse IT domains and have been offered placement opportunities at renowned companies, with salary packages ranging from **3 LPA to 5 LPA**.*

Dot Com Club

Jai Hind College's Dot Com Club is a **student-driven community** that fosters **innovation** and **collaboration** in the world of technology and digital solutions. The club hosts **workshops, hackathons, and events** aimed at enhancing members technical skills, promoting knowledge-sharing, and connecting like-minded students passionate about coding, development, and IT.

EXTRA-CURRICULAR ACTIVITIES

Jai Hind College's BSc IT and BVoc Software Development Department cultivates future computer professionals through its comprehensive curriculum and enriching extracurricular activities. Each academic year brings a wealth of new opportunities for students.

JAI HIND'S
ONLY TECH FEST

CyberStrike 2024

E-Waste Drive

The e-waste drive, organized by BScIT and BVoc students, was a resounding success.
